

Chalet Entre Ciel et Terre, Verbier (sleeps 10)

The perennially popular Chalet Entre Ciel et Terre is a stunning 210 sqm penthouse apartment, occupying two floors and sleeping up to eight guests in four en-suite bedrooms.

Located in an elevated, south facing position between the Savoleyres lift station and the Les Moulins nursery slope, Entre Ciel et Terre feels more like a free-standing chalet than a chalet apartment.

The wood-panelled sitting room is decorated with elegant furnishings and dominated by a fabulous central stone fireplace. The attractive half-moon French windows open on to a balcony providing breath-taking views of Verbier and the Panoramic Mountain ranged beyond. There are two stylish double bedrooms with en suite bathrooms on this floor.

Upstairs are as two twin bedrooms, each with their own shower rooms and a snug with TV, DVD, Apple TV, games consoles and a sofa bed if required. Wireless Internet access is available

throughout the chalet. For those wanting to unwind after a long day tackling Verbier's world famous ski terrain, guests are free to use the chalets sauna.

Chalet Entre Ciel et Terre works equally well for a weekend corporate event, a group of friends or a family holiday. It is also located just 200 metres from No.14, so can also be used as an overflow chalet for large groups staying in No.14 requiring a few extra bedrooms.

The chalet is served by a highly experienced professional chef and chalet host. Our renowned driving service is on-call 24 hours a day, taking you to and from the slopes and out at night, however early or late you please.
