Chalet Entre Ciel et Terre is a stunning 220 sqm penthouse apartment, occupying two floors and sleeping up to eight guests in four bedrooms.

Located in an elevated, south facing position between the Savoleyres lift station and the Les Moulins nursery slope, Entre Ciel et Terre feels more like a free-standing chalet than a chalet apartment. The wood-panelled sitting room is decorated with elegant furnishings and dominated by a fabulous central stone fireplace. The attractive half-moon French windows open on to a balcony providing breathtaking views of Verbier and the panoramic mountain ranges beyond.

There are two stylish bedrooms on this floor, one super-king with en suite bathroom and one king with en suite shower room. Upstairs are two further bedrooms, each with their own shower rooms. There is also a snug with TV and games consoles and a sofa bed if required. Entre Ciel et Terre works equally well for a weekend corporate event, a group of friends or a family holiday.
